AudioCodes RX-PAD Meeting Room Controller

DATASHEET

RX-PAD

Overview

The AudioCodes **RX-PAD Meeting Room Controller** is an intuitive, Teams-certified, center-of-room touch controller that provides complete and straightforward access to AudioCodes meeting room solutions.

With its proximity sensor, ergonomic design and 8” high-resolution display, this high-quality controller enables simple and intuitive operation with extensive customization options.

RX-PAD Meeting Room Controller offers innovative features such as one-click-to join with an integrated calendar for simple collaboration initiation, smooth content sharing and easy camera adjustments, among others.

- The RX-PAD leverages plug-and-play simplicity to deliver a productive and familiar Microsoft Teams meeting experience requiring connection with just a PoE cable
- RX-PAD functions are readily accessible on the touch screen including easy access to camera settings
- The RX-PAD requires pairing to the main Microsoft Teams Room compute unit
- Compatible with the AudioCodes RXV81 and RXV200 Microsoft Teams Rooms on Android devices

The RX-PAD is supported by AudioCodes’ Device Manager, enabling IT managers to monitor and upgrade the devices from anywhere.
