PSP-D00099 19" 5HE panel
PRAESENSA

- Three mounting positions for a call station and for call station extensions
- Mounting position for the microphone holder
- Blind plates for unused positions
- Accessible interconnections
- Includes loop-through cable to the second panel

The PSP-D00099 19" 5HE panel is a 5U-high panel. You can use it to install a PRAESENSA call station and call station extensions in a 19-inch equipment rack.
The robust metal rack panel has mounting positions for:

- A PRA-CSLW Wallmount LCD call station
- Up to two PRA-CSE Call station extensions
- The microphone holder.

A second panel can be used to install for more call station extensions. Blind plates can cover unused positions.

Functions

- Facilitates the installation of a PRA-CSLW Wallmount LCD call station and PRA-CSE Call station extension in a 19-inch equipment rack.
- Makes it unnecessary to remove the brackets from the call station and from the extensions.
- The network and interconnection cables remain accessible after the installation.
- The blind plates cover the unused positions.
