DCNM-ENCS Electronic name card single sided
DICENTIS

- Single-sided E-ink display to show participant name and organization logo
- Very low power consumption
- Easily managed and updated

The DCNM-ENCS can display the participant name and the organization logo. This single-sided electronic name card reduces effort and saves time by replacing paper name cards.
It is easily managed and automatically updated by the DICENTIS system. The electronic name card can be connected to a seat to display the name of a participant. If free seating is available and the participant logs in at another seat, it updates automatically.
The electronic name card is easily integrated with the DICENTIS topology. It can be daisy-chained with the DICENTIS cable or star-wired via PoE.
